John: yo yo yo
me: yo yo yo
John: So what are you doing ?
me: just got home, about to write some articles, later will play STALKER
me: S.T.A.L.K.E.R.
John: STALKER!?!?
me: yes, that's the one!
John: S.T.A.L.K.E.R !?!
me: lol yes silly
John: I C
me: shit
me: I just called one of these girls from the OkCpuid thing and called her by the wrong name
John: What? what is okCupid?
John: IC, online dating....
John: which s.t.a.k.l.e.r. game do you have?
me: got the first one
me: with Oblivion Lost mod
me: which makes it all cool by having NPCs and gangs of factions run around doing random stuff
me: also makes mutants run around doing stuff
me: so cool stuff goes down
me: it's all here in this pamphlet
John: I see. Well I may just grab that particular game.
me: if you do, get the Oblivion Lost mod
me: it's important, sir
John: sounds good
John: so where is this Mod you speak of?
John: Ok. So metro 2033 game is from a company that formed out of the S.T.A.L.K.E.R. people.
me: just google Oblivion Lost
John: never!
me: make sure you get latest version, from late 2008 I think
me: NO, DO IT
me: Never heard of Metro 2033
me: fool
John: I talked to you about it late night
John: You musta been to busy with your bird
John: too

John: to
John: too
John: to
John: oto\
John: it is the greatest game ever
John: Sold my first Chupacabra sticker! yes
me: ah-so
